

Marathon Monitors Inc.

Quality Policy

Marathon Monitors Inc. recognizes that the disciplines of Quality Management System, health and safety and environmental management are an integral part of its management function. The Company views these as a primary responsibility and to be the key to good business in adopting appropriate Quality Management System standards.

The Company Quality Policy calls for continuous improvement in its Quality management activities and business will be conducted according to the following principles:

We will:

- Comply with all applicable statutory requirements and regulations.
- Follow a concept of continuous improvement and make best use of its management resources in all Quality Management System matters.
- Communicate its Quality Management System objectives and performance against these objectives throughout the Company and to interested parties.
- Take due care to ensure that activities are safe for employees, associates and subcontractors and others who come into contact with our workplace
- Work closely with our Customers and suppliers to establish the highest Quality Management System standards.
- Adopt a forward-looking view on future business decisions, which may have Quality Management System impacts.
- Train our staff in the needs and responsibilities of Quality Management System management.
